Eclipse PRP = The Smarter Choice

Patient of the Month

58 year old male
Bilateral upper and lower blepharoplasty

"I just wanted to write a note to say thanks. I love how my eyes look now. I look in the mirror and see me, not a haggard shadow of me. I interviewed several other surgeons and they all seemed capable enough, but looking back I know I made the right choice! You were great through the whole thing and, bottom line-perfect results! Thanks!"

Wings of Hope for Melanoma Gala

At the Melanoma Research Foundation's (MRF) Wings of Hope for Melanoma galas, a Humanitarian Award is presented to a leader in the local medical community who has committed to fighting melanoma through exemplary patient care, cutting-edged research or scientific leadership. Courage Awards are also given to individuals who have shown tremendous strength in their personal battles with melanoma

Dr. McCracken was honored to pass out awards as Co-Chair for the Wings of Hope for Melanoma
